## **Job Description**

Reporting to the Manager, Road Operations, or designate, supervise, direct and oversee the staff completion of road maintenance operational activities and assigned crews. The City of Oshawa strives to provide an environment that cultivates and supports the following core values: Authenticity, Courage, and Trust (ACT).

## **Responsibilities**

- Planning and coordinating crew assignments to effectively and efficiently complete duties
- Monitoring quality and productivity; manage the operation of the Consolidated Operations Depot and dump sites
- Organizing and scheduling work to be completed; supervising and training staff
- Liaising with other divisions, departments and outside agencies to co-ordinate work
- Monitoring costs and productivity levels to ensure budget requirements are met

- Providing input and recommendations specific to the annual budget submission
- Implementing operational changes
- Researching and producing reports
- Responding to enquiries and complaints
- Performing other related duties as assigned

## Requirements

- Knowledge and skill generally associated with the completion of a Civil Engineering Technology Diploma from a recognized Community College, and a minimum of five years of relevant experience, at least three of which must be in a supervisory capacity.
- Proven supervisory, leadership and team building skills in accordance with the Corporation's five leadership competencies: strategic thinking, effective communication, inspiring and motivating others, extending trust and engaging others and being decisive and accountable.
- Excellent communication skills, both oral and written to deal effectively and tactfully with a broad range of elected officials and senior management personnel, staff, external agencies, and the general public.
- Established skills and experience using a PC and related software applications example: Microsoft Office; Outlook; Internet; Lagan customer service; hours of service; GPS and AVL monitoring software; electronic road weather monitoring and forecasting systems and electronic spreader controls.
- Strong organizational abilities and the ability to maintain accurate and neat work records, and to work effectively under pressure. Possess initiative, self-motivation, sound judgment and tact.
- Possess knowledge of the Occupational Health and Safety Act, including WHMIS regulations, and familiarity with City By-Laws and relevant legislation specifically those that apply to road maintenance, Ontario Provincial Minimum Maintenance Standards, sewer use and winter maintenance.
- Possess certified membership in OACETT (Ontario Association of Certified Engineering Technicians and Technologists) and as a CRS (Certified Roads Supervisor) under AORS.
- Possession and maintenance of an Ontario Driver's Licence, minimum Class "DZ" is considered an asset.
- Must be willing and able to work assigned winter shifts and shift work.
