

Town of Caledon

make a difference

Job Title: Project Manager, Capital Infrastructure (Permanent Full Time)

Closing Date: January 31, 2025, 12:00PM

Town of Caledon is a dynamic municipality that successfully balances urban, rural and agricultural communities. Our energetic staff are guided by our core values that create an environment for continuous improvement and customer service excellence.

In addition to offering exciting career opportunities, the Town also provides a competitive and comprehensive total rewards package. Come see how you can ***make a difference***.

The Opportunity

Reporting directly to the Manager, Engineering Capital Design & Construction, this role is responsible for the delivery and project management of annual routine capital projects for the Town primarily related to the rehabilitation and reconstruction of bridges, roads, and other structures such as acoustic barriers and retaining walls. As the Project Manager, Capital Infrastructure, you will perform the following duties, including but not limited to:

- Manage assigned capital work projects which includes, but is not necessarily limited to Municipal Class Environmental Assessment's, detailed design, and construction of linear and/or transportation infrastructure from inception to completion
- Oversee quality of product/service, cost and schedule elements of assigned projects to ensure efficient project delivery, compliance with all Town policies and procedures
- Administer consulting contracts. Evaluate proposals, recommend award, verify deliverables, identify and record deficiencies, authorize payments and oversee the completion of work
- Review, negotiate and recommend project change and extra work, monitor project budgets/schedules, deficiency notices and letters of default where warranted; authorize progress payments and initiate other control mechanisms as required for the successful completion of work
- Review, undertake all necessary activities required to provide comments on proposed construction works, request for land acquisitions, and provide input and comments through the Public Utility Coordination Committee process
- Investigate inquiries from the public, regulatory agencies, staff and council that relate to the delivery of Town projects, or that falls within core expertise or knowledge
- Perform contract inspection of infrastructure being delivered by contractors/consultants to obtain initial and final acceptances for construction/design projects
